MARYAM ATTARIYA

Junior Frontend Developer

Karachi, Pakistan | 0322-2416325 | maryamattariya2008@gmail.com | my-portfolio-five-lemon-27.vercel.app

SUMMARY

Junior Frontend Developer with hands-on experience in HTML5, CSS3, JavaScript (ES6), React, Bootstrap, Firebase, and Responsive Web Design. Developed multiple responsive web projects with a focus on clean code, usability, and modern user interfaces, including real-time features powered by Firebase. Passionate about frontend development and continuously enhancing technical skills while learning modern web technologies.

SKILLS

HTML5 • CSS3 • JavaScript (ES6) • React • Bootstrap 5 • Firebase • Responsive Web Design
Problem Solving

PROJECTS

Talha Wood Works — Business Website

- Developed a responsive multi-page business website for a furniture workshop using HTML, CSS, and Bootstrap, featuring a services showcase, image gallery, and contact/quote request section.

Wrisha Watches

- Built a responsive watch showcase website using HTML, CSS, and Bootstrap with a modern UI and responsive grid layout for product presentation.

Weather App

- Built a responsive weather application using HTML, CSS, and JavaScript that fetches live weather data via API, displaying temperature, humidity, and wind conditions.

Password Strength Checker

- Developed a responsive password strength checker using HTML, CSS, and JavaScript with real-time validation and interactive UI feedback.
